Maxwalton Shorthorn Sale

STOCK YARDS, CHICAGO

JUNE 20, 1918

CARPENTER & ROSS -:- MANSFIELD, OHIO

IN CATALOGING this lot of cattle we feel that their true value will not be appreciated. The home-bred stuff is in good breeding and thrifty condition, but a lot of the imported cattle are really in thin condition, as the sellers on the other side had not intended to sell them. The cost of feed stuffs was so high that they were used only for the young bulls. We bought many of these heifers, intending to hold them for our own herd, but have decided to offer those in the best condition for sale; this became necessary since we lost the first lot that was forwarded. It will be seen at a glance that the breeding is the best and the sires in the pedigrees are among the most popular of the breed. This importation is represented by all of the best herds in Great Britain and we feel privileged in being able to get cattle in price in some of these herds, and several from whom we bought cattle refused to put them in price to other buyers. It seems to us that cattle are in far too great a demand to make it possible for them to have a surplus to send to this country, and there have been many rumors of the ports being closed.

The home-bred cattle are largely of the blood of Avondale and include many good individuals. It must be remembered that our herd and the blood of Avondale have done more for the improvement of Shorthorns than any other. While we cannot say that the cattle are in the pink of condition, we consider them in fit condition for any herd and are a clean, healthy lot. Almost every female of breeding age is well along with calf. These cattle are right in color and conformation, which has been the motto in our herd—like begets like and the best produces the best.

American certificates of registry will be furnished with all the home-bred cattle, also with a few of the imported cattle that came over last year, but English certificates will be furnished with all of the cattle that came over this year, so that the \$100.00 fee will be to pay on them, all other fees being paid. It is well to note that these animals, if exhibited at a state or national show and win a ribbon within twelve months the fee will be refunded. All calves sold with their dams are exempt from the \$100.00 fee.

GUARANTEE—All females of breeding age are bred and are guaranteed breeders. Should any of the heifers or cows that do not have calves at foot fail to be in calf to the service as given in the breeding list, we will refund \$100.00 and allow the purchaser to get them in calf to his own bull, or, should he prefer, we can have them returned to us until they are settled in calf, but almost every animal seems to be safe in calf.

All stock will be cared for and put on board the cars for the purchaser. We assume all risk and should these animals meet with accident or die from sickness, be rendered useless or fail to pass the tuberculin test within two months after sale, we will refund the purchase price. Our reputation is spotless—you are taking no risk in buying from us. We are in the business to help you and ask you to make it your business to help us.

Terms cash, or six months' credit at 6 per cent. interest.

Very respectfully,

CARPENTER & ROSS.

We consider this calf the best bull we saw sold at auction this year in Great Britain. Although he only stood fifth in his class at Birmingham, he brought more money in the sale ring than the aggregate price of the four calves that stood ahead of him. He is of the same family as the noted VILLAGER and is bred by the same breeder, C. H. Jolliffe. It will be found that he is a good one, and a glance at his pedigree shows that he is richly bred. His dam is the best cow owned by Mr. Jolliffe; her sister topped his sale last year, going to Collynie at 1,600 guineas, the record price of the season. His sire, Sanquhar Dreadnaught, was shown extensively by the Messrs. Law; was grand champion at the Highland Society Show. He is a massive dark roan and one of the best bulls in Great Britain. Mr. Martin of the GAZETTE, when looking at this bull recently, says that he is, in his opinion, the greatest bull that has ever come to North America, and has perhaps cost more money than any bull that has yet come to this country.

A beautiful 2-year-old—one of the best we saw in Great Britain. It was his calves in particular that attracted our attention to him; they were a very uniform lot and every one a good one, and good colors. He is smooth and low down, with the best of a head and if fitted as a show bull will be a valuable bull for any one to own.

A fine dark roan, is one of the best bulls we have ever bred. He is more of a sire than a show bull, but will make good as either. His general conformation cannot be improved on. His dam was one of the best cows we ever owned and we think there is a great future for this bull. We have used him considerable.

Of the Marr "Goldie" family. His dam topped the Cazalet sale, selling for 350 guineas. His sire is also a high-class individual, costing a like price at the Edgcote sale. His granddam, Gipsy Countess 3d, is a noted show cow in the "Fairlawne" herd. This is a thick set, sappy calf and should make a very good sire.

Note—This calf's testicles are not perfect, but he is a good server and sure.

A beautiful dark roan—from one of the best daughters of AVONDALE. This bull has been leased to Harry Black of Mansfield, Ohio, consequently is not in as good condition as if we had been forcing him for sale. He is a sure getter and we think that he will make some one a high-class herd header.

Is one of our best breeding cows that was a winner in the show ring in her fifteenth year in the beef and milk class. Her bull calf of 1913 came first in the beef class at several shows, while she stood first in the dairy class. She was turned off at 17 years, and is still a magnificent cow.

Is from the same dam as the grand champion bull, MAXWALTON COMMANDER. Her dam has been one of our most valuable breeding cows. We have had a number of calves from her and they have always made the \$1,000.00 mark, even when cattle were cheap. Four of her calves have sold at an average of close to \$4,000.00. This heifer is really a show prospect, and well along in calf.

Bred December 1 to Maxwalton Lancier 574857, a dark roan lavender.

A nice young roan cow, is richly bred and of the Cruickshank "Mysie" family. Has a nice bull calf at foot by GARBITY GOLDEN VICTOR, champion bull at Perth, 1917, where he sold for \$10,000.00 to go to the Argentine. This is a very likely calf to make a herd header. We consider there is value in this calf, and his mother is worth a long price.

A nice young cow. Has a good bull calf at foot by one of the three best bulls we saw in Great Britain. This calf is, of course, not looking his best, as the confinement of the trip and quarantine has worked a hardship on the calves, but he is royally bred and there is lots of outcome to him. This family is well known in Scotland, tracing to the same foundation as the Cruickshank "Strawberrys."

Is a handsome 2-year-old, in beautiful condition to go along and make a stronk showing this fall; her breeding is the best. Although a few cattle of this pedigree have ever come to North America they have been in very great demand in Great Britain for the last decade. It is generally conceded that the two best bulls sold at Collynie were of this family, and one of them we considered the best young bull we saw in Great Britain, a bull for which we offered \$20,000. This heifer, if carried along properly, will make a winner, especially at the later fall shows. The four bulls in the pedigree, DORSET PRINCE, STAR OF MORNING, MARIO and ACTOR, have all done a great deal and are generally considered four of the very best bulls that were ever used in Scotland.

Bred March 13th Duke of Lancaster 136239.

Is one of the well known Saphock herd that has produced so many good cattle. It has been pronounced by many as the most attractive herd in Scotland. This heifer is in but very medium condition, but the breeding and individuality of the ancestors behind her should make her a great proposition as a brood cow. Mr. Anderson had not expected to sell these yearlings until after we had lost the 2-year-olds, and it was only to help us out with a bunch of cattle that he put these yearlings in price.

This heifer is from the well known Spahock herd, is richly bred and although in moderate condition will make an outstanding good cow. These heifers were being developed for brood cows and not for sale, but as I had determined to have a bunch from Anderson's herd I was compelled to buy these thin yearlings, having lost the 2-year-olds. There will be much outcome to these heifers.

This is a high-class show heifer and is in show condition. She stood well up in the money last year at the leading shows and has improved a great deal. Is a beautiful roan and a nice showyard character. Was bred for the first time recently to MAXWALTON LUXURY; she could have been bred earlier, but we thought best to leave her open so as not to interfere with her showyard career this fall.

DALE'S RENOWN is owned by N. J. Tintinger of Mossmain, Montana. Mr. Tintinger says this bull has done him more good than all the other cattle he has ever owned. He has been proving a great sire and Mr. Tintinger has a number of females by him and says that he must have another bull. He expects this bull to bring a long price and guarantees him to be every thing that anyone wants in a bull as well as a high-class individual.

Scotch Collie

The Collie is not only a handsome dog but a great chum and companion as well as useful among stock. We have bred and distributed hundreds to all parts of the country as well as foreign countries. We sell them from \$10.00 upwards when they are ready to ship and always have some good ones on hand.

English Bob Tail Sheep Dog

We also have several Old English Sheep Dogs. They are sky blue in color and are known in Britain as the Sky Collie. While they are not considered as handsome as the Scotch Collie they are equally as witty and far more hardy. We have several imported dogs and females for sale.
